

No.	Abstract Title	Author(s) Presenter(s) shown in bold
List of Free Papers - Dräger Oral Presentation Prize		
1	Documentation of peripheral nerve blockade: a complete audit cycle	E. Forman , R. Smith
2	Survey of fatigue among trainee anaesthetists in the UK	L. McClelland , E. Plunkett, J. Holland, J. Lomas, N. Redfern
3	Driving and studying - the impact of work-related fatigue	R. McCrossan , J. Holland , L. McClelland, N. Redfern, E. Plunkett
4	Improving postoperative care of patients following elective orthognathic surgery	C. Pennington , J. de Pennington, R. Horner, K. Duffield
5	Life after Luer: reasons to be optimistic	I. Susnerwala , R. Cross, S. Wiggans
6	Is that really the lactate concentration? How fist clenching during venous blood sampling can lead to false results	B. Whittaker , C. Bassford, C. Turner
List of Free Papers - Dräger Case Presentation Prize		
7	Subarachnoid haemorrhage postpartum following recognised dural tap - yet another headache!	L. Ganegoda , D. Dabrowska, C. Pieretti, S. Patel, C. Sheehan
8	Tricyclic overdose in a paediatric patient	J. Macrae , A. Ali
9	Airway compromise following trans-oral robotic surgery	K. Tigwell , A. Ahmed-Nusrath
Poster Competition (based on grade of presenting author) Medical Student Poster Prize		
10	Pain management in hip fractures - a service evaluation	S. Chawla , M. Chawla, A. Venkataraju
11	Service evaluation of quality of patient satisfaction following the introduction of a multimodal Enhanced Recovery pathway for liver resection	S. Egan , G. Neal-Smith , K. Rao, I. Sivanandan
12	Intravenous fluid prescribing: a survey of final year medical students and foundation level doctors	J. Graham , P. Jefferson
13	Provision of written information on pain management	W. Griffiths , K. Karn
14	Apnoeic oxygenation by nasal cannula during airway management in children undergoing general anaesthesia: a pilot randomised controlled trial	L. Olayan , A. Alatassi, J. Patel, S. Milton
15	An audit of current pre-operative fasting practice	J. Patel , R. Doyle, R. Smith
16	WHO knows the plan? Assessing the antibiotic and thromboprophylaxis postoperative handover	J. Tan
Foundation Year Trainees (grade of presenting author)		
17	Self-rated confidence and number of times anaesthetists in training perform advanced airway procedures	A. Boulton , A. Nowicka, C. Mendonca
18	Assessment of Panopto software for teaching undergraduate anaesthesia in Namibia	K. Bowes , S. Dasare, J. Hall
19	A retrospective audit of peri-operative blood pressure management and angiotensin converting enzyme inhibitor and alpha receptor blocker use at a single UK centre	K. Brown , T. Abbott, Z. Rob, S. Mahdi, G. Ackland
20	Detection and prevention of publication bias in meta-analyses of postoperative analgesics: a meta-epidemiological study	B. Doleman , J. Lund, J. Williams
21	Type I and II errors from low risk of bias randomised controlled trials of postoperative analgesics: a trial sequential analysis	B. Doleman , J. Lund, J. Williams
22	Obesity - eating into theatre time?	O. Griffiths , D. Davis, V. Hilton, A. James
23	Postoperative pain following discharge from day surgery	K. Karia
24	Missed diaphragmatic injury on CT scan in a patient with multiple stab wounds	D. Mcdonald , M. Gorecha

No.	Abstract Title	Author(s) Presenter(s) shown in bold
25	Audit of compliance with enhanced recovery protocol following nephrectomy and impact on postoperative stay	D. McDonald , L. Affarah
26	Percutaneous management of coronary button kinking after the Bentall Procedure	M. Patel , J. Hyde
27	Knowledge and awareness of intraosseus access in a medium sized acute trust	T. Purvis , B. Dingle
28	Time to ICCU consultant review at Worcestershire Royal Hospital's intensive care unit	C. Rasanayagam
29	Shocked by Bias?	C. Sajdler, E. Teh
30	Quality and improvement: Post Operative Emergency laparotomy in Medirooms Pathway (POEM Pathway)	T. Smith , M. Govier
31	Introduction of a procedural sedation proforma into the emergency department at Whanganui Hospital, New Zealand	S. Yamanaka , E. Powell
32	Does statin reloading before cardiac surgery improve postoperative outcomes?	C. Zhang
ACCS/Core Trainee category		
33	An Audit of the Management of Throat Packs at West Middlesex University Hospital: March - May 2016	S. Abid
34	Management of inhalational airway injury following a house fire	D. Adshead
35	Introduction of a learning checklist: a survey of trainees	D. Adshead , R. Kainth
36	A multidisciplinary review of antibiotic stewardship in major head and neck cancer surgery: a re-audit of practice and a quality improvement initiative	R. Arumainathan, J. Wall , D. Fink, R. Mohamed, T. Sandhu, S. Garg, S. Spiers, E. Burdett
37	Appropriateness of postanaesthetic care unit (PACU) bookings in a major teaching hospital	J. Barnes , S. Yan , M. Majda, S. Harris
38	In-situ simulation driving improvement in massive haemorrhage management: multi-disciplinary training on the shop floor	O. Beesley , C. Donohue, N. Jenkins, C. Melikian
39	VIPoma: a rare cause of life threatening diarrhoea	M. Bevis
40	Sepsis, pre-eclampsia and procalcitonin	J. Bonnet , T. Connelly, J. Dougherty, N. Kavanagh
41	ITU mortality outcomes at ESHT: a retrospective review	C. Bounds , A. Corner, S. Zope, B. Pekicten
42	UPSTART - Training medical students in the recognition and treatment of critically unwell patients in resource poor environments	B. Burrill , M. Rehnstrom , R. Parker
43	An audit loop of the documentation of tracheal intubation in critical care	B. Burrill , S. Pokhrel
44	Transforming the educational environment	K. Caines , G. Lee, A. Clarke
45	Failed intubation: pre-assessment, planning and pitfalls	K. Caines
46	Anaesthetic drug cards	O. de Brett , A. Relwani
47	'Can't intubate, can't oxygenate': an emergency airway management audit and quality improvement project at a West Yorkshire district general hospital	J. Dereix
48	Pre-oxygenation in adult patient population presenting for elective and emergency surgery under general anaesthesia	A. Dixit, P. Patel , P. Ali, M. Mushambi
49	Audit of endotracheal tube cuff pressures and potential post-operative complications	S. Edwardson , E. Phillips, F. Jafar
50	Development of a multidisciplinary quality improvement bundle to improve perioperative care in the management of neck of femur fractures at a DGH	S. Eshelby, S. Saxena, M. Oliver, G. Bower

No.	Abstract Title	Author(s) Presenter(s) shown in bold
51	Forty years of labour epidurals: the evolution of the obstetric anaesthetist	R. Farrands , G. Jackson
52	Comprehensive moUth care and Post-operative PneumoniA (CUPPA) - A trainee led randomised controlled trial	V. Field, K. Smurthwaite (on behalf of SWARM)
53	Theatre start delays: a costly affair	S. Ganesh , S. Antrolikar, A. Walunj
54	An audit investigating peri-operative blood transfusion practice at the Royal Devon and Exeter Hospital	A. Green
55	Prospective Upper Limb Regional Anaesthesia study (ProUltra)	B. Hearne , R. Pugsley, M. Oldman
56	Laparoscopy associated pneumohydrothorax: recognising something is wrong	K. Henderson , U. Brigue
57	Peri-operative care of patients' with diabetes mellitus at University Hospital of Wales	J. Jackson
58	Theatre briefing - transforming practice at the University Hospital of Wales	J. Jackson
59	The SAD (SubArachnoid Diamorphine) survey	L. Jackson, S. Smith (on behalf of WAAREN)
60	Cadaveric renal transplantation:a once in a lifetime chance	L. Kersan, J. Wardlaw , R. Hart, A. Nath, S. Gajree
61	The anaesthetic management of a pregnant patient with VATER Syndrome	I. Lewis , D. Leslie, S. Harries
62	Maintaining a safe distance: a re-audit of ETT displacement on the intensive care unit	L. Liew , Z. Jiwaji, K. Nunn, M. Blackstock
63	Keeping an eye on cancellations	J. Livesey , A. Mohabir
64	Patient controlled analgesia prescribing - an audit in a district general hospital	J. MacDonald , J. MacDonald
65	The introduction of intra-osseous access devices to main theatres at Northwick Park Hospital	J. Major , W. Hall , C. Duffield
66	Reduction of dislocated hip prostheses using procedural sedation and analgesia in the emergency department	J. Mann , W. Townend
67	Is procedural sedation in the emergency department safe in the high risk and elderly patient?	J. Mann , W. Townend
68	The Plymouth Anaesthesia Trauma course (PLANT): Improving confidence of clinicians involved in trauma care	S. McAleer , A. Perham
69	Audit of inadvertent peri-operative hypothermia in a District General Hospital	L. McEwan , J. Butterworth
70	Pre-operative testing for elective surgery at busy London teaching hospitals	M. Murali , J. Patch , M. Chapman, M. Koutra
71	Documentation of fluid responsiveness in patients managed with Noradrenaline	T. Nicholls , S. Lyons, E. Chiang
72	Evaluation of anaesthetic staff confidence with emergency front of neck procedures	T. Nicholls
73	Analgesia for fracture neck of femur: a review of a District General Hospitals practice	I. Patchell , R. Stephens, D. Hurford
74	Pre-operative team briefing in the Southern Trust	C. Poots , D. Scullion, T. Bennett
75	Availability of peripheral nerve stimulators in the Cardiff and Vale Health Board	E. Powell
76	Multi-centred Audit into Consent for Anaesthesia	M. Prince, M. Gardner , C. Hirst, T. Orr, D. Yarwood, J. Briscoe, B. Morris
77	Two cases of severe maternal hyponatraemia following labour in a birthing pool	M. Raphael, C. Walmsley , T. Wong, J. Chilvers

No.	Abstract Title	Author(s) Presenter(s) shown in bold
78	An audit of anaesthetic support required during primary percutaneous coronary intervention	K. Redington , C. Dulea
79	Pre-operative anaemia and blood transfusion in elective colorectal surgery	A. Rutter , R. Thomspen
80	Intravenous lidocaine following emergency laparotomy surgery: effect on pain scores and opioid consumption.	M. Sinnott , H. Barker, J. Cooper
81	Analgesia planning, consent and documentation in a district general hospital	A. Snell , F. Mclennan
82	Evaluation of elective surgical patient experience navigating a significant hospital route and the impact on anxiety prior to surgery as part of a quality improvement project	L. Starsmore , A. Malik, V. Wirasinghe
83	Stop before you block; are we being careful enough?	A. Thiara , S. Hayden, S. Chaudhari, S. Shawkett, K. Dasgupta
84	Difficult Airway Trolley Audit	A. Thiara , M. Ravindran
85	An overlooked cause for cardiac arrest	A. Thiara , D. Khare, K. Makam
86	Anaesthetic emergency drugs audit	A. Thiara , S. Chaudhari, F. Sackey
87	Paediatric recovery audit looking at handover of peripheral lines being flushed	P. Thyveetil , O. McIntyre
88	Emergency drugs and equipment	S. Tian , J. Sidhu , B. Madhavan
89	The cuff pressure audit	A. Tihverainen , S. Clarke, D. Hadi
90	Audit of anaesthesia provision for major lower limb amputation surgery	W. Turner , A. Ahmad, S. Sengupta
91	Trauma team leader performance comparison to improve time to CT in major trauma	B. Walker , K. Crewdson, A. Darweish, J. Thompson, B. Walton
92	Medical lumbar punctures referred to theatre: an increasing problem?	C. Walmsley , M. Raphael
93	Oesophageal soft food bolus obstruction causing airway compromise requiring emergency intubation plus Creon and Coca-Cola instillation on ITU	D. Wang , J. Woolley
94	Peripartum management of cardiac arrhythmias	O. Ward , E. Howells
95	A prospective audit of the effect of intrathecal diamorphine on time to first mobilisation and urinary catheterisation in patients undergoing elective knee and hip arthroplasty	K. Wloch , P. Chockalingam, J. Mathers
ST3/ST4 category (grade of presenting author)		
96	Medical student vulnerability during their critical care attachment	J. Arora , A. Riyat
97	Anaesthetic management of women with obesity in pregnancy	R. Asghar, I. Chadderton , A. Nazir
98	Peri-operative anaemia in elective primary and revision hip arthroplasty	G. Carroll , M. Morrison, K. Donaldson, J. Harten
99	Detection of delirium during peri-operative care of high risk patients	M. Chong , M. Vizcaychipi
100	Under pressure: improving tracheal cuff pressure measurement in a Tertiary Critical Care Unit	S. Cullen , D. Nenadic, L. Mottram, V. Watts
101	The first patient satisfaction survey of enhanced recovery after elective caesarean delivery: don't keep them waiting	R. Ellis , E. Morgan, D. Helme
102	Patient feedback - why bother? Patient satisfaction survey	B. Fitzmaurice , S. Dalay, S. Krishniah, S. Millett
103	iLEARN: a tool to maximise learning in in theatre	E. Gomm
104	Audit of knowledge of vertical evacuation equipment	A. Guha , I. Baxter

No.	Abstract Title	Author(s) Presenter(s) shown in bold
105	A curious case of the homemade ham	D. Harvie
106	Outcomes for patients with medical conditions who are admitted to the ICU from medical wards/medical high dependency compared to those admitted directly from the emergency department	A. Hurry
107	Emergency anaesthesia "kit dump" for in hospital intubations	A. Hurry
108	Audit of labour unit staffing by obstetric anaesthetic consultants	C. McAteer , K. High
109	Breaking the ice -- A retrospective temperature audit	T. Moody , A. Midgley-Hunt
110	Development of postoperative renal dysfunction and anaemia following an elective total knee replacement. Retrospective data collection examining different anaesthetic techniques in a district general hospital	D. Murray , J. Fletcher, P. Yoxall
111	Stress management teaching in anaesthetic trainees	D. O'Donovan , D. Leslie, M. Stacey
112	Laryngeal mask airway injury prevention quality improvement project (LIPQUIP): are we over-pressurising?	E. Paterson
113	Obesity and epidurals: a challenge to the anaesthetic trainee	V. Penston , E. Robinson, P. Yoxall
114	Acute pain post emergency laparotomy in self-ventilating patients	A. Photiou, S. Elgarf
115	'Less is more...more or less?' Highlighting the potential savings as well as pitfalls of applying national guidelines, by auditing local use of pre-operative tests against NICE guidance NG45	L. Powell
116	Human factors in a maternal cardiac arrest secondary to massive obstetric hemorrhage - utilising people and resources	F. Saddington , C. Wang , B. Maddison
117	Multidisciplinary team tracheostomy emergency management. Are we on the right?	L. Salm , H. Harb, S. John, C. Vaughn
118	The implementation of Joint British Diabetic Society guidelines for peri-operative care in a district general hospital	R. Stuart , R. Bentley
119	Obstetric ERAS: an audit to assess patient satisfaction following the introduction of an enhanced recovery pathway for elective caesarean sections at St John's Hospital, Livingston	N. Wylie , S. Cross
ST5+ category (grade of presenting author)		
120	Airway tea-trolley teaching: dynamic multi-disciplinary training delivered to your anaesthetic room	L. Abeyundara , D. Soltanifar, C. Donohue
121	Blood culture sampling from peripheral stab	M. Alkholany , H. Mcconnell
122	Thrombocytopenia in obstetric patients	M. Alkholany , M. Mahmoud
123	Peri-operative pain management for major abdominal surgery in arthrogryposis multiplex congenita	M. Alkholany , M. Abdelghani
124	Audit on antibiotic prophylaxis for surgical site infection	A. Arockiasamy Sathiapillai , C. Srinath
125	Get the Difficult Airway Trolley! Staff ease in identifying the Difficult Airway Trolley, a re-survey	G. Boyle , U. Franke
126	Right syringe, right drug? Attitudes amongst anaesthetists towards drug handling and drug errors	Z. Burton , S. Elliott, F. King
127	Altered Airway Care Inter-Professional (AACIP) Programme - A multidisciplinary approach to airway management	T. Carter
128	Brompton Airway Trolley - a multidisciplinary education programme to prepare for unanticipated difficult intubation in non-critical care areas	T. Carter

No.	Abstract Title	Author(s) Presenter(s) shown in bold
129	Survey of paediatric peri-operative prescribing amongst anaesthetists in a district general hospital: dosing according to age or weight?	J. Cheung , S. Kariyawasam
130	Are you feeling relaxed? Safe muscle relaxant use: a quality improvement project	T. Cominos , R. Oram, N. Wharton
131	Bilateral trans-muscular quadratus lumborum blocks, unilateral PECS blocks and serratus plane block for analgesia after DIEP flap breast reconstruction surgery	D. Das , R. Nair
132	Peri-operative delirium quality improvement project: auditing best practice	J. Davies , J. Goddard #LINEBREAK#
133	Systolic motion of the basal right ventricular freewall is the strongest predictor of global function: a high resolution 3D imaging study	T. Dawes , A. de Marvao, W. Shi, D. Rueckert, S. Cook, D. O'Regan
134	Learning in ultrasound guided regional anaesthesia	N. Desai , M. Hetreed
135	Early intracardiac thrombus and pulmonary embolus after trauma	N. Desai , A. Leitch
136	Unnecessary pre-operative investigations: a quality improvement project at a District General Hospital in UK	B. Dutta , S. Somanath
137	A needs-based assessment to justify the establishment of a paediatric anaesthesia pre-assessment service at a tertiary referral hospital	B. Dutta , M. Clement, C. Rimmer
138	Obstetric epidural documentation in a district general hospital	J. Eccles
139	Establishing a forum to discuss and review trainee experiences of critical incidents	J. Fortune
140	Management of failed regional technique for lower segmental caesarean section (LSCS)	A. Green, C. Ivermee , N. Lucas, S. Yentis
141	Trainer/trainee trainer training	A. Green, M. Salman , S. Yentis, A. McGregor
142	Improving the consent process for ultrasound guided regional anaesthesia (RA)	R. Greer , A. Carey, E. Lent
143	Left? Right? Sorry I forgot to STOP BEFORE YOU BLOCK. Only in the UK do we get it wrong! (According to Sonosite)	J. Hartford-Beynon
144	Waving, not drowning: audit of trainee activity and referrals to critical care in mixed intensive care unit at a teaching hospital	C. Hebbes , J. Tan
145	Postoperative pain management in a patient with an intrathecal opiate delivery device and transdermal opiates	V. Jansen , M. Thomas, M. Joshi
146	Use of CT imaging to improve confidence in using the paramedian technique for siting thoracic epidurals in thoracic and upper GI surgery	R. Jones , S. Hackett , R. Sethuraman
147	Management of placenta accreta at a district general hospital	K. Katyayani
148	Transfusion practices at a tertiary cardiac centre and development of real-time electronic clinical decision-making support	C. Kenyon , S. Agarwal
149	The combination of paraplegia, respiratory failure, pregnancy and anaesthesia	A. Laird
150	Silent presentation of critical laryngeal stenosis	A. Laird
151	Pre-operative testing for elective surgery in a centralised nurse-led pre-assessment unit and adherence to NICE (NG45) supplemented by locally published guidelines	W. Low , M. Berthoud
152	Infection control measures North West intensive care units	J. MacDonald , R. Templeton, L. Feddy

No.	Abstract Title	Author(s) Presenter(s) shown in bold
153	Audit on analgesia practice in fracture neck of femur in comparison with NICE guidance	V. Machavarapu
154	Audit of patient satisfaction with labour epidural analgesia	D. MacKay , I. Davidson
155	A rare case of an emergency intercostal chest drain insertion at a tertiary obstetric centre.	T. Mahendrayogam
156	Peri-operative blood glucose monitoring and management of adult patients with diabetes; an audit of clinical practice at a district general hospital	A. Majeed , A. Zaidi, V. Hilton
157	Patient reported postoperative anaesthetic outcomes at Leeds Teaching Hospitals NHS Trust: a measure of continued Quality Improvement based on patient satisfaction feedback	M. Marbaniang , I. Sivanandan
158	Difficult airway trolley (DAT) identification and localisation in a tertiary care hospital - a survey of anaesthetic staff knowledge and opinions	M. Marbaniang , T. Irving
159	Provision of multi-modal teaching by Anaesthetic Trainees improves the confidence of Foundation Trainees in the management of airway emergencies.	R. McGuire , K. Gott
160	Audit on the use and disposal of controlled drugs within the operating theatres of Sunderland Royal Hospital	D. McNally, A. Singh, U. Misra
161	Previous complex pelvic surgery, complex airway surgery and complex neurological findings in an obstetric patient	N. Mincher
162	Theatre staff morale at Royal Berkshire NHS Foundation Trust	A. Mohabir , G. Manning , P. Indoe, A. Smith, M. Raffles, E. Todman, L. Brannigan
163	Keep calm and report excellence. Excellence reporting at Bucks Healthcare	A. Mohabir , C. Morris, M. Size
164	Enhanced recovery for open liver resection reduces hospital and community costs and improves survival at two years	B. Morrison , C. Jones, C. Ebm, L. Kelliher, M. Scott, M. Dickinson, N. Quiney, N. Karanjia
165	Do rectus sheath blocks enhance analgesia of intrathecal opiates in open colorectal procedures?	T. Moses , V. Ratnalikar
166	Safe extubation: audit and survey.	K. N Selvaraju , L. Allen, Y. Soon, A. Ratnayake
167	Farewell thiopentone? Region wide surveys of obstetric general anaesthesia in the northwest deanery highlight induction with propofol is increasing in popularity and improving patient safety. Would a region-wide guideline improve training and safety?	L. Nasser , R. McGuire , S. Babatunde
168	An audit cycle of anaesthetic machine checks	S. Natarajan, T. Wojcikiewicz
169	Not all hypotension is septic shock	D. Neely
170	Task checklist for maternal cardiac arrest	K. Patel , J. Eldridge
171	Ultrasound for neuraxial blockade on labour ward; what is stopping US?	A. Photiou, T. Rees , J. Stevens , V. Victor
172	Emergency airway training after exercise - Recreating the stress of a real-life can't intubate, can't oxygenate scenario	J. Pipe
173	An evaluation of awareness and management of local anaesthetic toxicity among maternity team members	M. Qureshi , R. Chapman, S. Lane, A. Combeer
174	Our reliance on the ODP in anaesthesia - UHL survey of emergency equipment and drugs	B. Raithatha , J. Gross
175	Lingual tonsils - the less well known, yet the more obtrusive! Tips and tricks to screen and survive	U. Ramesh

No.	Abstract Title	Author(s) Presenter(s) shown in bold
176	GoogleTrends ® and AAGBI conferences 2013-2016	E. Roderick , S. El-Ghazali, S. Yentis
177	How busy was your shift? - Perceptions of labour ward activity	A. Rogers, A. Green, M. Salman , S. Yentis
178	Communication standards at the end of life in ICU	R. Samanta , L. Thorley, C. O'Brien, G. Brewer, S. Snape
179	Think Drink: the impact of list changes to fluid fasting times. A quality improvement development	C. Sathananthan , C. Vassilas, P. Kuo
180	Audit of fascia iliaca blocks for hip fracture patients in Sunderland A&E	A. Singh, L. McGhee, D. McNally, U. Misra
181	Neck breather knowledge: an hour could save a life	C. Slinger , S. Bourn
182	Cardiothoracic anaesthesia: a snapshot of intermediate training	K. Stacey , J. Cousins
183	A novel peri-operative drug dose calculator for the high BMI patient	A. Sud , K. Soulsby
184	Introduction of SBAR checklist to improve recovery room handover	H. Thornley , V. Kumar, J. Train
185	Increasing incidence of epidural blood patches? A departmental review	R. Thurairatnam , S. Jafri, S. Saxena, S. Dhileepan
186	Variation in anaesthetic trainee supervision in a London obstetric unit over 16-years	J. Tomlinson , M. Chong, N. Lucas, S. Yentis
187	2ml in the non-Luer era: a comparison of 2ml neuraxial injectate volumes using Luer and Non-Luer (Surety®) equipment	J. Turner , W. Rook, L. Turner, D. Levy, M. Chikhani
188	Nil by mouth - re-audit	J. Turner , A. Alharthi, L. Turner
189	Labour epidural monitoring: a quality improvement project at Mid Essex Hospital Services NHS Trust	K. Upadhyaya , H. Hampanna, S. Brayshaw
190	Senior specialty trainee rotas: the balance of training and service provision	J. Wijesuriya, G. Leslie , J. Parry
191	Making the experience of elective surgery better: a quality improvement project	S. Wintle , T. Fregene, V. Venkat Raman, H. Edmond
Barema and AAGBI environmental poster prize		
192	Insensible (non-sensible) water loss	A. Jeanes , P. Douglass, S. Yentis

Oral presentation and poster presentation information

Oral presentations - Thursday 6 July 2017 - 11:00 - 12:00

Dräger Oral Presentation Prize & Dräger Oral Case Presentation Prize presentations

Shortlisted posters

The top scoring abstracts in each category will be invited to take part in the poster shortlisting discussion session and will be eligible for prizes.

Shortlisted poster discussion sessions

Wednesday 5 July 2017 - 16:45 - 18:00

Medical Students Poster Prize
Foundation Year

Thursday 6 July 2017 - 09:00 - 11:00

ACCS/Core Trainee
ST3/ST4
ST5+

Barema/AAGBI Environmental Poster Prize

Friday 7 July 2017 - 17:00 - 17:15

Non-shortlisted poster discussion session

Poster submitters who have not been shortlisted for discussion, can book on to an informal group poster discussion session on a first come, first served basis. More information will follow.

Poster judging information

Assessors of submitted abstracts are blinded to the authors and required to highlight any competing interests during assessment. AAGBI Board/Education Committee members and Faculty are excluded from assessing/judging any abstracts, and from chairing/judging sessions that include any abstracts, of which they are a co-author.

The list of shortlisted posters will be circulated ahead of the meeting.

The list of shortlisted posters will be circulated ahead of the meeting
